[Hiring Manager Name]

[Hiring Manager Title]

[Company Name]

[Company Address]

Dear [Hiring Manager Name],

I am writing to express my keen interest in software engineering opportunities at [Company Name], as advertised on [Platform where you saw the advertisement – e.g., company website, LinkedIn]. With my extensive experience in Python, JavaScript, and cloud technologies, coupled with a proven track record of success in both large and small company environments, I am confident I possess the skills and qualifications to make a significant contribution to your team.

During my tenure as a Senior Developer at Tech Company (2021-2023), I was responsible for [mention 1-2 significant accomplishments or responsibilities, quantifying them if possible. E.g., "leading the development of a new feature that resulted in a 15% increase in user engagement" or "managing a team of four junior developers on a critical project delivered ahead of schedule and under budget"]. Prior to this, my role as a Software Engineer at Startup Inc (2019-2021) provided me with valuable experience in [mention a key skill or experience gained, e.g., "agile development methodologies" or "building and deploying applications in a fast-paced startup environment"].

My technical skills encompass a broad range of technologies including Python, JavaScript (including React and Node.js), AWS, Docker, and Kubernetes. I also possess experience in Machine Learning, allowing me to contribute to projects requiring data analysis and predictive modeling.

I am eager to learn more about this opportunity and discuss how my skills and experience can benefit [Company Name]. My resume, attached for your review, provides further detail on my qualifications. Thank you for your time and consideration.

Sincerely,

John Doe
